

Why leave a thriving Home Repair business to do Real Estate?

Great question! I have spent over 25 years repairing homes and building custom furniture with my company Custom Creations. I had a fantastic time doing this and learned a great deal about homes.

The reason I got into real estate was because I saw a need. I was repairing people's houses and realized that they had overpaid for inferior quality homes. These are homes in high priced neighborhoods! I recognized that I wanted to help my friends find great homes using this experience.

There are a lot of great homes out there, but unfortunately, a lot of poor quality ones as well. Telling the difference takes years of experience.

If you or anyone you know is interested in buying or selling a home please call or email me anytime. I would love the opportunity to show you the value of having a Realtor who is Honest. Experienced. Caring.
